REPEL-X

INSECTICIDAL AND
REPELLENT SPRAY

HOW TO USE REPEL-X INSECTICIDAL AND REPELLENT SPRAY

Dose Rate: Spray the animal lightly for a few seconds with a sweeping motion from head to rear. Apply twice daily when infestations are severe. Avoid getting spray into animals' eyes. For animal sheds, spray the inner walls thoroughly and any other place where flies and insects settle. Re-spray as necessary. If irritation occurs discontinue use – consult a veterinarian.

General directions: NOT TO BE USED FOR ANY PURPOSE OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.
